Geocaching is an outdoor adventure game similar to a treasure hunt played with a GPS device. The basic idea is to locate hidden containers, called geocaches, then share your experiences online. There are over a million active geocaches around the world and now, with the RiverWalk GeoTour, there are even more reasons to bring the family and hike along the Chattahoochee RiverWalk; check out the longest urban whitewater course as well. Hiking, biking, and now kayaking!

Family fun for everyone.
