Located on the banks of the Chattahoochee River, the Columbus Iron Works was built in 1853 in the heart of the growing community. Today, the building is a local landmark in the Uptown Meeting District and houses the Columbus Georgia Convention and Trade Center. Nearby are first-class sleeping accommodations, restaurants, and the Entertainment District.

TESTIMONIAL

“Your assistance and coordination of our event was an extraordinary additive to the overall success...with over 1,200 attendees and more than 300 performers from around the world, this conference was unprecedented in its scope and diversity. We have received rave reviews—board members, performers and attendees have expressed their appreciation with comments ranging from 'this was the best ITG conference they've attended' to 'this conference raised the bar for future conferences.'...These comments...reflect directly on your efforts and participation in this event.”

Rob Murray, DMA
International Trumpet Guild
37th Annual Conference

A photograph of a formal dining room. In the foreground, a round table with a white tablecloth is set with a patterned placemat, a vase of orange and white flowers, and two small gold-colored glasses. In the background, a marble fireplace with a dark metal insert is decorated with greenery and two ornate gold-colored vases. A large mirror above the fireplace reflects a chandelier and a lamp. To the left, a wooden cabinet is topped with a green vine.
